

BENCHMARK CHAMAELEON

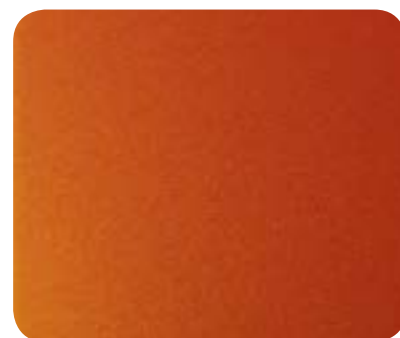

Different that is how you want it to look like! We can guarantee you a wow-effect when using the colors from our Chamaeleon range. Depending on the incidence of light the look of the facade changes. Where you could see a clean white once suddenly appears a gold shimmering.

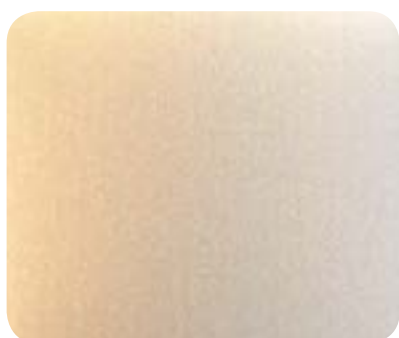

Strawberry Gold

Purple Red

Copper Orange Gold

White Gold

Gold Olive

Opal Blue Green

These colors are just examples. It is not a color-fast representation. If you want to see a color-fast representation you need to have a look at the RAL charts or you can contact your BENCHMARK contact.
